

**LIMERICKS ON A CORONAVIRUS THEME – AUG 2020**

**The problem with Covid 19  
Is it's a virus that cannot be seen.  
It's found in the air,  
On door handle and chair  
So wear a mask, and keep your hands clean.**

1

**If Covid you want to avoid  
Keep your mind and your body employed  
Wash your hands till they're raw  
Wear a mask from the door  
And give thanks the you live in the country**

2

**During Covid I've scrubbed my hands raw,  
Till the skin is all cracked, red and sore,  
If I hear someone cough,  
I yell out "Bugger Off!"  
And I run home to scrub them some more.**

3

**During Covid we stayed home together  
Enjoying the fabulous weather  
Sitting out in the sun  
With our tea and a bun  
We wished it could go on forever.**

4

**Home schooling and zoom calls at its best,  
slow walks through the countryside next!  
Family quiz nights in lockdown became norm,  
With daily updates of the corona virus storm.  
We looked after each other,  
Cleaned the world and its brother  
But the uninvited intruder would just not conform.**

**5**

**2020 was a sad year of pain,  
But we learned never again to be the same.  
We picked up the phone more,  
helped out neighbours galore,  
And never took for granted our lives again!**

**6**

**There was a young man called Jonah  
Who thought he'd contracted Corona  
So he took the test  
The results were the best  
And now he's no longer a loner!**

**7**

**There once was a girl called Ramona,  
Who used to drink lots of Corona  
She'd meet with her mates  
and drink a whole crate  
But since Covid Ramona's a loner!**

**8**

**There once was a nurse called Eliza  
Who wore gloves a gown and a visa  
On her back to back shifts  
She'd pray for the gift  
To make people safe and survivors**

**9**

**A lovely young lady called Iris,  
Avoided the Coronavirus  
She observed the lock down  
Never going to town  
And wrote out this verse on papyrus**

**10**

**When I was sick  
So was my brother Dick  
With this stick I poked him  
But he was very quick  
We both ran outside and ended  
In the nick!  
So stay at home**

**11**

**During Covid we stayed in our home  
With our hand sanitiser and phone  
We could still call the pub  
To order great grub  
So there was no reason to moan**

**12**

**The Lockdown came as quite a big shock**  
**All our cupboards were soon out of stock**  
**But Michele's volunteers were at hand**  
**Shopping, fetching, carrying, delivering to our demand**  
**With their help we are all coming through**  
**So to all of those helpers we say A BIG THANK YOU!**
