

Support Garry and Help Save the Village Hall Roof

Local gardener Garry Letheren has very happy memories of Sampford Courtenay Village Hall. His grandfather, the late Ralph Squires was involved in many of the events taking place there over the years.

Because of this close contact Garry has decided to compete on behalf of the Village Hall Roof Appeal in a running challenge taking place at Powderham Castle on June 5th/6th.

'Conquer 24' is taking place on a 5 mile course in the Castle grounds with competitors seeing how many laps that they can complete in 24 hours. Garry has undertaken a number of marathons but this event is a real test of strength and stamina.

If you would like to support Garry in his running challenge please use one of the following:-
