### Parish and Town Council Tree Planting Questionnaire

This year, Devon County Council is working with the Devon Association of Local Councils, Woodland Trust and Saving Devon's Treescapes Project (led by Devon Wildlife Trust) to promote and support engagement in tree planting initiatives through town and parish councils. This will involve supporting the review of land holdings and the implementation of tree planting on parish & town council land. The purpose of the questionnaire is establish the extent of past/current tree planting initiatives and to gauge the level of interest (and any requests for support) for new involvement. Through this, we will be able to reach out and engage with a select few communities in Devon to create a series of demonstration sites. These sites will serve as a practical exhibition of what can be done by following the right guidance, and seeking the right

funding. Further information will be circulated in due course to those councils that respond to the questionnaire expressing an interest in new tree planting.

This questionnaire should be submitted no later than the 22nd of November 2021. **Completed by Clerk**
