

Sampford Courtenay Parish Council

Report for meeting on 26 June 2024

Subject: Parish Priorities for 2024/25

Prepared by: Cllr Michele Wilson

1. SUMMARY

- 1.1 Following the Open Parish Meeting seeking new priorities for the coming year I attach a copy of the progress against the plan for last year and set out the suggested priorities for the coming year. Appendix A and Appendix B
- 1.2 This report proposes that Councillors consider the and further priorities and / or actions that should be considered against them for the coming year.

2. BACKGROUND INFORMATION

- 2.1 Some of the current priorities are maintained since the Parish Survey and continue on a rolling basis as they continue to be raised and concerns for the parishioners in SC.
- 2.2 In some cases it can be seen that there has been some community involvement in the priorities however in others it is seen as the 'job' of Councillors to 'Get things done'. Some but not all are a statutory responsibility of the Councillor and therefore falls to Councillors but in setting the priorities I do feel that wherever possible the actions should seek to include the community in 'Getting things done'.

3. OPTIONS AND PROPOSALS

- 3.1 Following the Open Parish Meeting the proposed priorities are set out for your consideration Please review and consider any further a) priorities and b) actions that may assist to achieve and progress them.
- 3.2 Agree priorities for 2024/25. Actions can be completed and added to throughout the year.
