Our Village Green is used for play and community events throughout the year . Listening to our parishioners at the Open meeting in May for exercise opportunities for adults , a report was presented to the Councillors at the September meeting. Phase 1 this year will see the removal of old play equipment and the purchase of a new Toddlers Play Tower. The start of the Adult Exercise area / Trim trail will begin with the installation of three exercise stations. This will happen in the new year. In the second phase , the community space will be enhanced with picnic benches and tables and additional adult exercise kit if the popularity of the area demands!

A busy time ahead for the Council. Our next meeting is on Wednesday November 18th at 7 pm. Do come along .
